Do you need consultancy, engineering know-how, maintenance assistance for your swimming pools?

IGP ENGINEERING is a Business to Business Solution Provider, whose core business is Water & Wastewater Treatment.

Our Main activities are:

CONSULTANCY
TECHNOLLOGY & COMPONENTS

ENGINEERING
AFTER SALE TECHNICAL SUPPORT

This catalogue relates only to technological components for Pools & Spa.

Other technologies are available for our clients operating in Water Treatment, Wastewater Treatment and Pumping Systems.

IGPOOLS CONCEPT

IGPools swimming pools can be made of reinforced concrete and made on site (IGPools CONCRETE), build as a prefabricated steel structure (IGPools COMFORT) or made in a prefabricated reinforced concrete structure (IGPools PLUS+)

Le piscine IGPools possono essere realizzate in cemento armato realizzato in opera (IGPools CONCRETE), in struttura prefabbricata di acciaio (IGPools COMFORT) o in struttura prefabbricata di cemento armato (IGPools PLUS+)

IGPools je razvio tri linije bazena s montažnim strukturama: jedna od čeličnih panela (IGPools COMFORT), jedna od betonskih panela (IGPools PLUS+) i bazeni od armiranog betona (IGPools CONCRETE).

DIFFERENT TYPOLOGY OF MATERIALS SAME DREAM
